Chain O'Lakes Watershed Challenges	10 Minutes
Stakeholder involvement	30 minutes

- What is essential for this project?
- How to attract people to get involved?
- What types of workshops/events would people like to see?
- Where do we go from here?

### Adjourn

The Illinois Environmental Protection Agency (IEPA) has awarded the Fox Waterway Agency (FWA) a 319-program grant to develop a Watershed Plan for portions of the northern part of the Upper Fox River watershed. The grant award of \$168,900.00 includes 40% of matching funds from the Agency plus stakeholders and will be used to establish a Watershed Based Plan and facilitate future access to additional funding to improve water quality and reduce sedimentation coming into the waterway. The FWA is pleased to partner with Northwater Consulting and their fine team to assist us in leading this effort.
