*Objective*

Establish a Watershed Based Plan approved by the EPA to facilitate and bring communities & entities together for a common goal of water quality and water management best practices.

# AGENDA

## EDUCATION TOPIC: RAIN GARDENS & BIOSWALES

*"Got a puddle... Make a garden! ~ Protect our watershed!"*

7:00 PM – 7:10PM	Introduction on the creation of a Watershed Plan to coordinate improvements to the water quality of the Upper Chain.	Joe Keller Executive Director, FWA
7:10PM – 7:40PM	Design concepts and benefits of small-scale green infrastructure facilities for stormwater and watershed management. Including Rain gardens, bioswales (what's that?) and other landscape improvements for your home, neighborhood or small business.	Vince Mosca Vice President/Senior Ecologist at Hey and Associates, Inc
7:40PM – 7:55PM	Shared personal experience creating green infrastructure on their own private property – and answer questions about work involved and costs	Kathy Johnson Homeowner
7:55PM – 8:10 PM	Question and answer period	All speakers

Native seeds suitable for wet areas, dry soils and insect attracting (from reputable source) will be given away to attendees.

**"Funding for this project provided, in part, by the Illinois Environmental Protection Agency through Section 319 of the Clean Water Act."**
